Concrete: Build It To Last

Join us for the **2018 Annual Virginia Concrete Conference** for the Virginia Transportation Industry. This is our annual forum for the exchange of information and technology transfer with focus on concrete pavements and structures, as well as concrete materials. Emphasis will be placed on technical advancements/improvements and the viability of concrete for transportation applications.

TOPICS

- > Radio Frequency Identification (RFID) Tags Used in Construction
- > Chesapeake Bay Bridge Tunnel Project Overview
- > Pervious Concrete/Salem Park & Ride
- > Sustainable Bridges

Time is of the essence so ACT NOW and register by Monday, February 19, 2018

REGISTRATION OPEN

Online at <http://secement.org/2018-virginia-concrete-conference/>
